

Fabrication and Welding Apprenticeship in Gateshead, NE10 0LH

The Company

With over 35 years of industry experience with ingenuity, they are firmly focused on the future. They thrive on investing big – not only in our customers' businesses, but in the latest technology and the best people. Continual investment in their plant, as well as the next generation of skilled metalworkers means that they never slow down and never settle for substandard quality.

While our supply chain is solid, their people are intuitive. Creativity comes with extensive industry knowledge and a variety of capabilities - so they can be confident that they are able to provide a thorough and consultative partnership that goes beyond the predictable.

Job Role

The role is 39 hours. Monday – Thursday 08.00 – 17:00 Friday 08.00 – 13.00 and duties will include:

- Attend college as required to remain up-to date with academic work and complete assignments within the agreed timeframe
- Undertake work activities using the correct processes, procedures and equipment
- Produce and assemble metal products to required specification and quality requirements
- Identify and follow correct metalwork instructions, specifications, drawings etc.
- Obtain, check and use appropriate documentation (such as job instructions)
- Deal promptly and effectively with problems using approved diagnostic methods and techniques, within the limits of the apprentice's responsibility which will be assigned by management.
- Aim to complete tasks within a set timeframe
- Complete any required documentation using the recording systems, clocking in and off jobs correctly.
- Carry out any necessary check (such as quality or compliance) using the correct procedures, processes or equipment
- Report problems that cannot be resolved to the appropriate personnel.
- Maintain a tidy work area, restoring the area on completion of activities and where necessary return any resources and consumables to the appropriate location
- Comply with statutory, quality, organisational and, health and safety regulations.

Applicants must have grade C/4 or above in English, maths and science. (Minimum 4 GCSE at level 4/C and above)

Salary

The successful applicants will start in September on a salary of £4.15 per hour with increments based on successful progression.
